**100 % regional** keine Lieferabhängigkeiten

**zementgebundener Mantelbaustein** hoher Anteil an recyceltem Abbruchmaterial

**Dämmung aus Grünschnittfaser (CIWO) & biobasiertem Klebstoff**

**voll mineralischer Dreilagengputz ohne Gewebe**

**100 % wiederverwertbar**

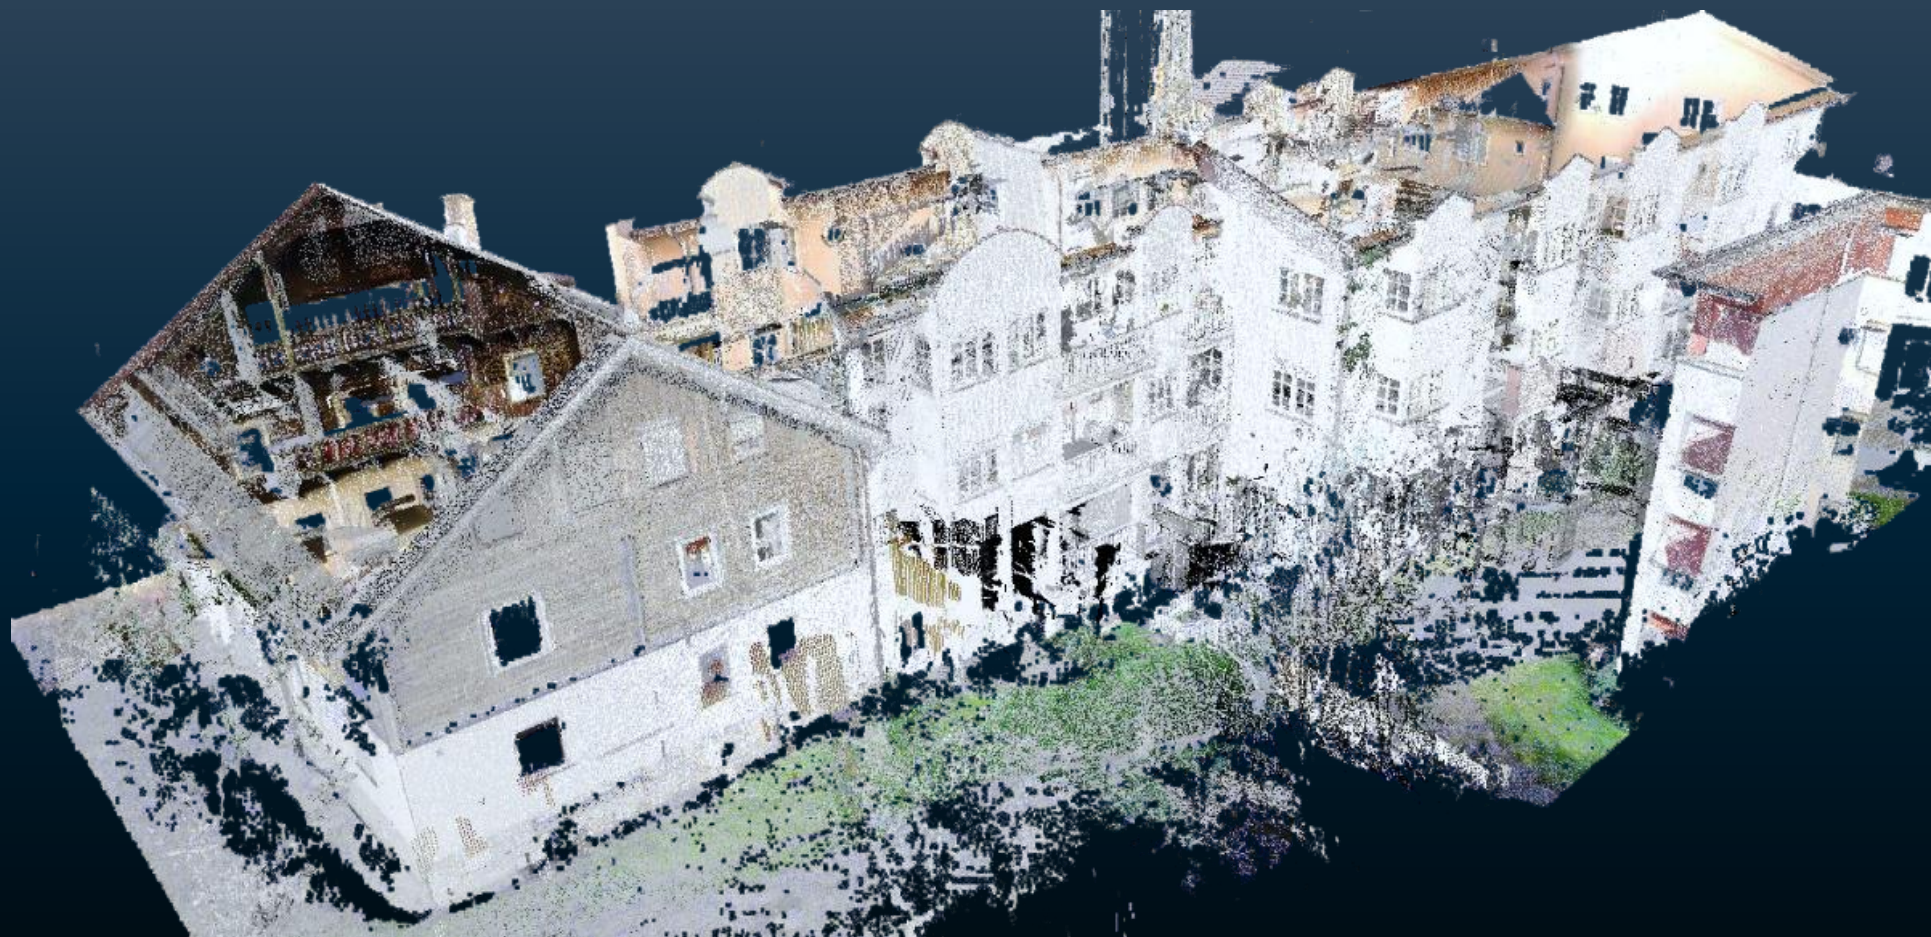

one more innovation

A photograph of a demolition site. In the background, a multi-story building is being dismantled by a large yellow excavator. The building's facade is heavily damaged, with many windows missing and the structure exposed. In the foreground, there is a large pile of rubble and debris. To the left, there are several blue and green metal containers. The sky is clear and blue. A large, semi-transparent circular graphic with a white arrow pointing clockwise is overlaid on the center of the image.
